

Mint of the United States at Philadelphia,

September 13th 1887

Dear Sir

Please find corrected statement of Trade dollars. The books have been thoroughly examined and every care used to report all the Trade dollars received at this Mint. In memorandum 'A.' from the Directors Office the majority of the reported omissions are not omissions but reported on our statement in the name of the shipper instead of the name of the express agent. The name of the shipper was the way we understood the form sent us to make the statement from.

In memorandum 'B.' mutilated U.S. Coin from Zimmerman & Fordhay. The lots mentioned contained no Trade dollars.

In our small purchases of mutilated & uncurrent coin from 3 dollars upward to \$100. the Trade dollars for 1884, 5, 6. have only been reported as uncurrent coin. But at the close of the statement from March they have been entered each year Trade Dollars.

Yours, Saul M. Fox

Superintendent

With Great Respect

Your Obedient Servant

H. S. Cochran
